

Dear Head Teacher

A friend of ours recently launched a charity that recycles unopened toiletries (think of the type you get in hotels) and through partnerships with other charities they get distributed to the homeless. We think its a great idea and would love to support them.

They are currently doing really well getting schools to help collect soap. Everyone seems to have bags of things they have accumulated stashed away!

- They have a banner that we could put on the school gate
- Content for a message out to parents in their PDF pack found on soap4all.com/getinvolved
- The pack also contains free worksheets and activity ideas (like a non uniform day in exchange for soap!) All designed to promote generosity among children
- Speaker available (schedule permitting and by arrangement) to come into school and talk at assemble

There are no rules about what we do and they would be grateful to just have a box of collected toiletries.

Please let us know if school could support them or email info@soap4all.com

Kind regards
